

**Kevin Gadd** ▶ **OHIO CAR SHOWS AND CRUISE INS**

12 mins · 🌐

This bites. After thorough and careful consultation with the City of Dublin and the Franklin County Health Department, the painful decision to cancel this year's three-day Classic Auto Show and Cruise-In has been made for us.

This is due to the Ohio Department of Health's extended orders that prohibit mass gatherings of more than 10 people and car shows not being exempted from this order. We had hoped that car shows would be permitted starting in early July and unfortunately, they are still not allowed by the Ohio Department of Health. This order has no expiration date, making it difficult to plan for the event.

We are in the midst of figuring out what an alternate event might look like this year, so **STAY TUNED!**

If you have already registered, you will be receiving an email from our team on your registration status. If you are a vendor or sponsor, our team will be reaching out on how we move forward either still this year or for 2021.

This is not the outcome we hoped for this year. Please know that we fought hard for the show to happen and we wanted it just as badly as all of you. However, due to the current ODH Director's Order, we are not permitted to hold the event.

We want to thank all of those who pre-registered, made additional donations and all of our sponsors and vendors. Each and every one of you believed in this show and stuck by us through the fight to try and make it happen this year. Your support is deeply appreciated and we will never forget that you had our back during this difficult time.

**STAY TUNED** for more information for this year! We **WILL** come back in 2021 stronger and better than ever! We promise you that. Thank you all for your understanding and unwavering support.
