My nephew was hit by a car April 9th, 2020. After 3 months in the hospital he was moved home to wake up from his TBI (Traumatic Brain Injury) Recovery has been slow and expensive. To help with non-stop medical bills and being able to help purchases of equipment needed to help with his healing at home the family is hosting a CAR SHOW on Halloween weekend. October 31,2020

One of Pete's loves is his JEEP, but he is an avid car lover, any Cool car! So this car show is open to any vehicle. Come support a great cause. Come support a great kid and his family who have put so much time into his recovery. You can follow his story at **#Forpetessake**

Join us for some great family FUN 😊 Dress up for Halloween, bring candy for the trunk-n'-treat for the kids, Food, Live music and a FUN afternoon for everyone. Thank you Ohio Cadillac Owners Club!
